

Subas Kandel

IT Consultant | Co-founder & COO, Nest Nepal
Lalitpur, Nepal | Nepal and remote consulting

Profile

IT consulting across cloud workspaces, business email, hosting, office infrastructure, CRM, and reporting. My work combines implementation, documentation, team onboarding, and ongoing operations.

Experience

Co-founder & COO - Nest Nepal Business Solutions

2021 - Present

Lead hosting operations, business email setup, and the technical support team.

IT Consultant - riibaa interiors

2022 - Present

Support the company website and the systems its team uses to serve customers.

IT Consultant - Engineering Helpline

2020 - Present

Manage website upkeep and Google Workspace administration.

Consulting scope

Cloud and email: Microsoft 365, Google Workspace, Zoho Workplace, DNS, SPF, DKIM, DMARC, migrations, and deliverability.

Infrastructure: Linux, VPS, dedicated and cloud hosting, backups, monitoring, on-premise networking, hardware planning, and office setup.

Business systems: Zoho CRM, Bigin, workflow planning, Power BI dashboards, data modeling, and business reporting.

Education

BSc Computer Science - Coventry University | 2023 - 2026

+2 Science (Computer) - Viswa Niketan, NEB | 2018 - 2020
